That's correct. Bridgeport should also be registering these works.

Looping in Dana as these might be on the list of CWR rejections that he's working on at the moment.

The 8 Mile Style catalog is no longer administered by Kobalt for licensing to my knowledge, I believe Bridgeport is handling the licensing but should be directing licensee payments directly to Kobalt. Dana can confirm or correct that information.

Hi Jessica,

Hope all is well! We recently came across several Eminem titles in our system that include Marshall Mathers as a writer, but show no Kobalt claim. Please review the attached list and provide catalog breakdown/share information. [REDACTED]
